4<sup>TH</sup> YEAR STUDENT – COMPUTER SCIENCE  
(INFORMATION SYSTEMS)  
23 YEARS OLD

## PERSONNALITY

I'm Khayreddin RAHMANI, 22 years old, current student at the higher national school of computer science in Algiers, Algeria. Interested in technology, business, enterprise world and the information procreated in it, I believe that I am an information system engineer to be. Aware of what's happening around me, I seek to change things, create opportunities to spread awareness and knowledge in my community, leave my foot print in this world of wonders. Active, ambitious and fully engaged in all the things I undertake, it's with eyes full of hope that I choose to look to the world
